

Tools for Schools Donation Program

ApprenticeSearch.com and Skills Ontario, in partnership with the Ministry of Education, are building Skilled Trades Regional Networks (STRN) across Ontario. These networks connect employers and schools to offer hands-on learning experiences, grow co-op opportunities, and provide resources that help students explore and prepare for careers in the skilled trades. We're seeking tool donations to support hands-on skilled trades learning in secondary schools.

Why Your Support Matters

Many schools across Ontario face limited budgets for maintaining and updating essential tools and equipment. Your donation will directly support students in hands-on programs by giving them access to the resources they need to learn safely and effectively—and to see their futures in the skilled trades more clearly.

Benefits of Donating

- Tax Receipt
- Social Media Posts on ApprenticeSearch and Skills Ontario channels
- Logo or presence on the STRN landing page
- Recognition in the final report to the Ontario Ministry of Education

Donation Examples

Tools: Power tools, hand tools, hammers, screwdrivers, pliers, tape measure, wire strippers, levels, fishing rods, voltage testers, splicing connectors, flashlights, circuit analyzers/finders, plumbing supplies, cooking utensils, pots, landscaping supplies, etc.

Materials: Wood, metal, drywall, electrical tape, cable ties, lugs, connectors, electrical wiring, safety gear, and other consumables.

Other Donations Are Encouraged

Your Impact

By supporting hands-on learning experiences, you are helping students develop the skills they need to succeed in the workforce.

The students below are using tools donated by Hilti, a partner in the Tools for Schools program. With your help, we can reach more students in Ontario.
